

AAA Landscape, an Underwood Brothers Company, is one of the largest commercial landscape providers in the Southwest. Over three decades ago, with an old borrowed pickup and a thousand dollars cash, brothers Robert and Richard Underwood started the Company. Their father, a county extension agent, had raised them to care deeply about the land and its keeping. They applied this passion on behalf of their clients and a new business was born.

Today, AAA Landscape provides the most sophisticated, thoughtful and effective landscape construction and management available in the Southwest. With landscape and engineering licenses in Arizona, California and Nevada, we are ideally positioned to meet our client needs. Through our own nursery, we ensure quality that others cannot. We have the expertise to evaluate each project on its own merits and suggest improvements in order to increase value, reduce costs and save time. Like the landscapes we create and nurture, we're in it for the long term.

SUMMARY DESCRIPTION – Immediate Openings for two Fleet Mechanics!!!!!!

Under direction, repairs, services, and performs major and minor repairs to AAA Landscape automobiles, trucks, maintenance and construction equipment, and other power driven equipment. **2 Cycle Experience Highly Preferred!**

REPRESENTATIVE DUTIES

1. Inspect automobiles, trucks, and related equipment to locate and determine the extent of necessary overhaul or repair.
2. Perform general overhaul and repair work on gasoline, diesel and propane powered engines such as automobiles, trucks, tractors, police and fire vehicles and equipment, and other automotive and mechanical equipment at off-site locations and at the garage.
3. Inspect, adjust, and replace necessary units and related parts including valves, hoses, belts and alternators.
4. Repair cooling, fuel, electrical, and exhaust systems; tune engines using standard testing equipment.
5. Diagnose, repair, and maintain hydraulic systems.
6. Perform preventive maintenance work on vehicles, including lubrication and oil changes.
7. Fabricate and weld to repair equipment as necessary.
8. Perform vehicle body work and collision repair.
9. Operate vehicles and equipment to aid in diagnostics; pick up and deliver vehicles and parts.
10. Clean and maintain the garage area and equipment.
11. Inventory, order and control tools, supplies and materials for garage; research, compare, and locate parts, equipment, and vehicles.
12. Maintain records on all maintenance and repair work performed; track recalls, inspection dates, and warranties for all vehicles.
13. Perform related duties as required.

QUALIFICATIONS

Knowledge of:

Methods, materials, equipment, and tools used in vehicle and equipment maintenance and repair.
Various mechanical systems of gasoline and diesel engines.
Various electrical systems of gasoline and diesel engines.
Standard practices, equipment and tools of the automotive and equipment mechanical trade.
Principles and practices of gasoline and diesel engine repair and maintenance.
Methods and techniques of welding and fabrication.
Operating and repair characteristics of hydraulic systems.
Principles and practices of fire truck pump and valve repair and maintenance.
Basic principles of record keeping.
Shop mathematics.
Occupational hazards and standard safety procedures.

Ability to:

Perform a variety of duties in diagnosing, troubleshooting, and repairing vehicles, equipment and components.
Inspect automotive, emergency and public works equipment to locate mechanical defects, to diagnose mechanical, electrical and hydraulic problems and to determine corrective procedures.
Perform a variety of welding work.
Estimate time and materials needed for work.
Maintain a variety of shop and repair records and logs.
Use various hand and power driven shop tools.
Prepare and maintain clear and accurate reports.
Understand and follow oral and written instructions.
Communicate clearly and concisely, both orally and in writing.
Establish and maintain effective working relationships with those contacted in the course of work.

Education and Experience

Education/Training:

Equivalent to the completion of the twelfth grade.

Experience:

Two years of responsible vehicle and equipment maintenance and repair experience

License or Certificate:

Possession of a valid Arizona driver's license.

PHYSICAL DEMANDS AND WORKING ENVIRONMENT

Environment: Work is performed primarily in a shop environment; occasional field environment with some travel from site to site; exposure to noise, dust, grease, smoke, fumes, noxious odors, gases, and all types of weather and temperature conditions; exposure to hazardous traffic conditions; work and/or walk on various types of surfaces including slippery or uneven surfaces and rough terrain; incumbents may be required to work extended hours including evenings and weekends.

Physical: Primary functions require sufficient physical ability and mobility to work in a mechanic shop environment; walk, stand, and sit for prolonged periods of time; frequently stoop, bend, kneel, crouch, crawl, climb, reach, and twist; push, pull, lift, and/or carry moderate to heavy amounts of weights; operate assigned equipment and vehicles; and to verbally communicate to exchange information.

Vision: See in the normal visual range with or without correction.

Hearing: Hear in the normal audio range with or without correction
